## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

**STATEMENT**

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

The payment of maintenance fee was unavoidably delayed because the attorney of record, Heller Ehrman, began to dissolve prior to the docket date for paying the maintenance fee and, according to the best information available to me, filed for bankruptcy within two weeks of the mailing of the notice from the PTO. The normal docketing timing overlapped with the time for filing bankruptcy and the notice was ignored, since the law firm did not exist as a viable entity. The inventor-owner discovered this on April 20, 2009, and promptly notified Mots Law PLLC. Mots Law PLLC promptly docketed the filing of this petition.

Please call Marvin Motsenbocker at 202-828-1008 if we can supply any further needed information.
